Clearance Delivery	128.75
Ground Control	121.9
Tower	120.9 Rwy.23L/5R 127.82 Rwy.23R/5L

Obtain VFR/IFR clearances on 128.75

VFR—Advise A/C ID, A/C type, direction of flight, destination & initial cruise altitude.

IFR—Flight plans will be stored in NAS computer for 2 hours after proposed departure time. Do not contact Clearance Delivery earlier than 30 minutes prior to proposed departure time.

DO NOT contact ground control until aircraft has moved to the *colored ramp exit or exit point*.

Million Air – When aircraft is #1 at the exit point, call ground control and specify position by stating Million Air and exit point (i.e., N500TS, number 1 at Million Air INTL Point 1/2/3, Golf – Hotel 1/2, Remote Parking – Hotel 1/2, Hotel – Hotel 1/2, Wind Sock – Hotel... Taxi).

Signature – When aircraft is #1 at the colored ramp exit sign, call ground control and specify position by stating Signature and exit sign color (i.e., N18JG, number 1 at Signature Red/Blue/Yellow/Green/White, Wind Sock – Hotel... Taxi). If no ramp signs are posted, report position.

DO NOT CONTACT THE TOWER UNTIL #1 HOLDING SHORT OF RUNWAY.

**TEMPORARY FLIGHT RESTRICTION
INDIANAPOLIS MOTOR SPEEDWAY**

A Temporary Flight Restriction will be in effect over the Speedway. See NOTAM FDC 8/3032 for details.

<http://tfr.faa.gov/>

Check Local and FDC NOTAMs frequently to verify you have the most current information.

ADDITIONAL PILOT INFORMATION

WAKE TURBULENCE – Pilots should be aware that a significant amount of wake turbulence might exist due to the large number of aircraft operating in the Indianapolis area. Exercise caution when flying within 30 miles of Indianapolis.

OVERFLIGHT TRAFFIC – Aircraft not landing in the Indianapolis area should avoid flight within 20 miles of Indianapolis below 13,000 MSL.

RESTRICTED AREA ADVISORY – Restricted Area R3401A/B to the southeast of Indianapolis is active during scheduled times noted on aeronautical charts and other times by NOTAM. Pilots are reminded penetration of Restricted Areas without authorization from the using or controlling agency may be extremely hazardous.

OBTAIN A COMPLETE WEATHER BRIEFING AND REVIEW ALL APPLICABLE NOTAMS PRIOR TO CONDUCTING FLIGHT.
